

You can grant a wish this holiday season!

For families already stretching budgets to pay for rent, heat, and groceries, providing a holiday gift is not always possible.

Every holiday season, LUK staff and volunteers come together to provide the youth we serve with gifts that they may not otherwise receive during this time.

Last year we granted over 750 children's wishes!

How does it work?

1. Let us know if you're interested in hosting a "Giving Tree"
2. Display your tree* and collect gifts through Friday, December 11th
3. Gifts will be picked up from your location by a member of our staff** on Friday, December 11th or Monday, December 14th

*Tags (and trees) will be distributed the week of November 23

**Businesses can decide if they would prefer gifts to be dropped at a LUK site

**On behalf of the youth & families we serve,
thank you for making the holidays shine a bit brighter!**

Please feel free to contact us for more information or to get involved!
